OUT & ABOUT

Music to soothe the mind

Mahidol University hosts a music therapy class conducted by Assoc Prof Dena Register from the University of Kansas, Lawrence USA, who'll be explaining the therapeutic uses of music in treating adults and children. Participants will be involved in lectures, activities, case studies, discussions, and demonstration. A Basic level course will take place from January 14 to 16 with an advanced level course on January 19-20. The registration fee is Bt10,000 including printed materials, seminar bags, certificate and meals. **Call (02) 800 2525 extension 179 or visit www.Music.Mahidol.ac.th/music-therapy/.**
